The hearth room is nestled next to the screened porch and leads out to the deck overlooking the spacious patio with pool and pavilion. A lounge with wine room off the dining makes for a cozy place to retreat after dinner. More space to entertain friends and family can be found in the lower level which features a bar and billiards room, wine cellar, family room, theater and fitness room. A gym with viewing mezzanine above, 8 bedroom suites, an office, hobby room, and pet room are just some of the additional amenities that make this home a dream come true!
