NEW HOME VIDEO TOUR

FROM FINAL CONSTRUCTION WALK-THROUGH

This waterfront home was inspired by our Haven Cove design and slightly modified to be the most cozy and charming place for the owners to enjoy during their future retirement, and a place for the family to come visit and make lasting memories for years to come! Expansive views of the bay frame each space and several personal, sentimental touches and heirloom design accents are found throughout, including a stained-glass window and antique door. Such a special home recently completed by our team.
