THE ROCKLIN

TOTAL SQUARE FOOTAGE: 2,378

FIRST FLOOR: 1,844 SQ. FT.

SECOND FLOOR: 534 SQ. FT. | *OPTIONAL LOWER LEVEL: 1,488 SQ. FT.

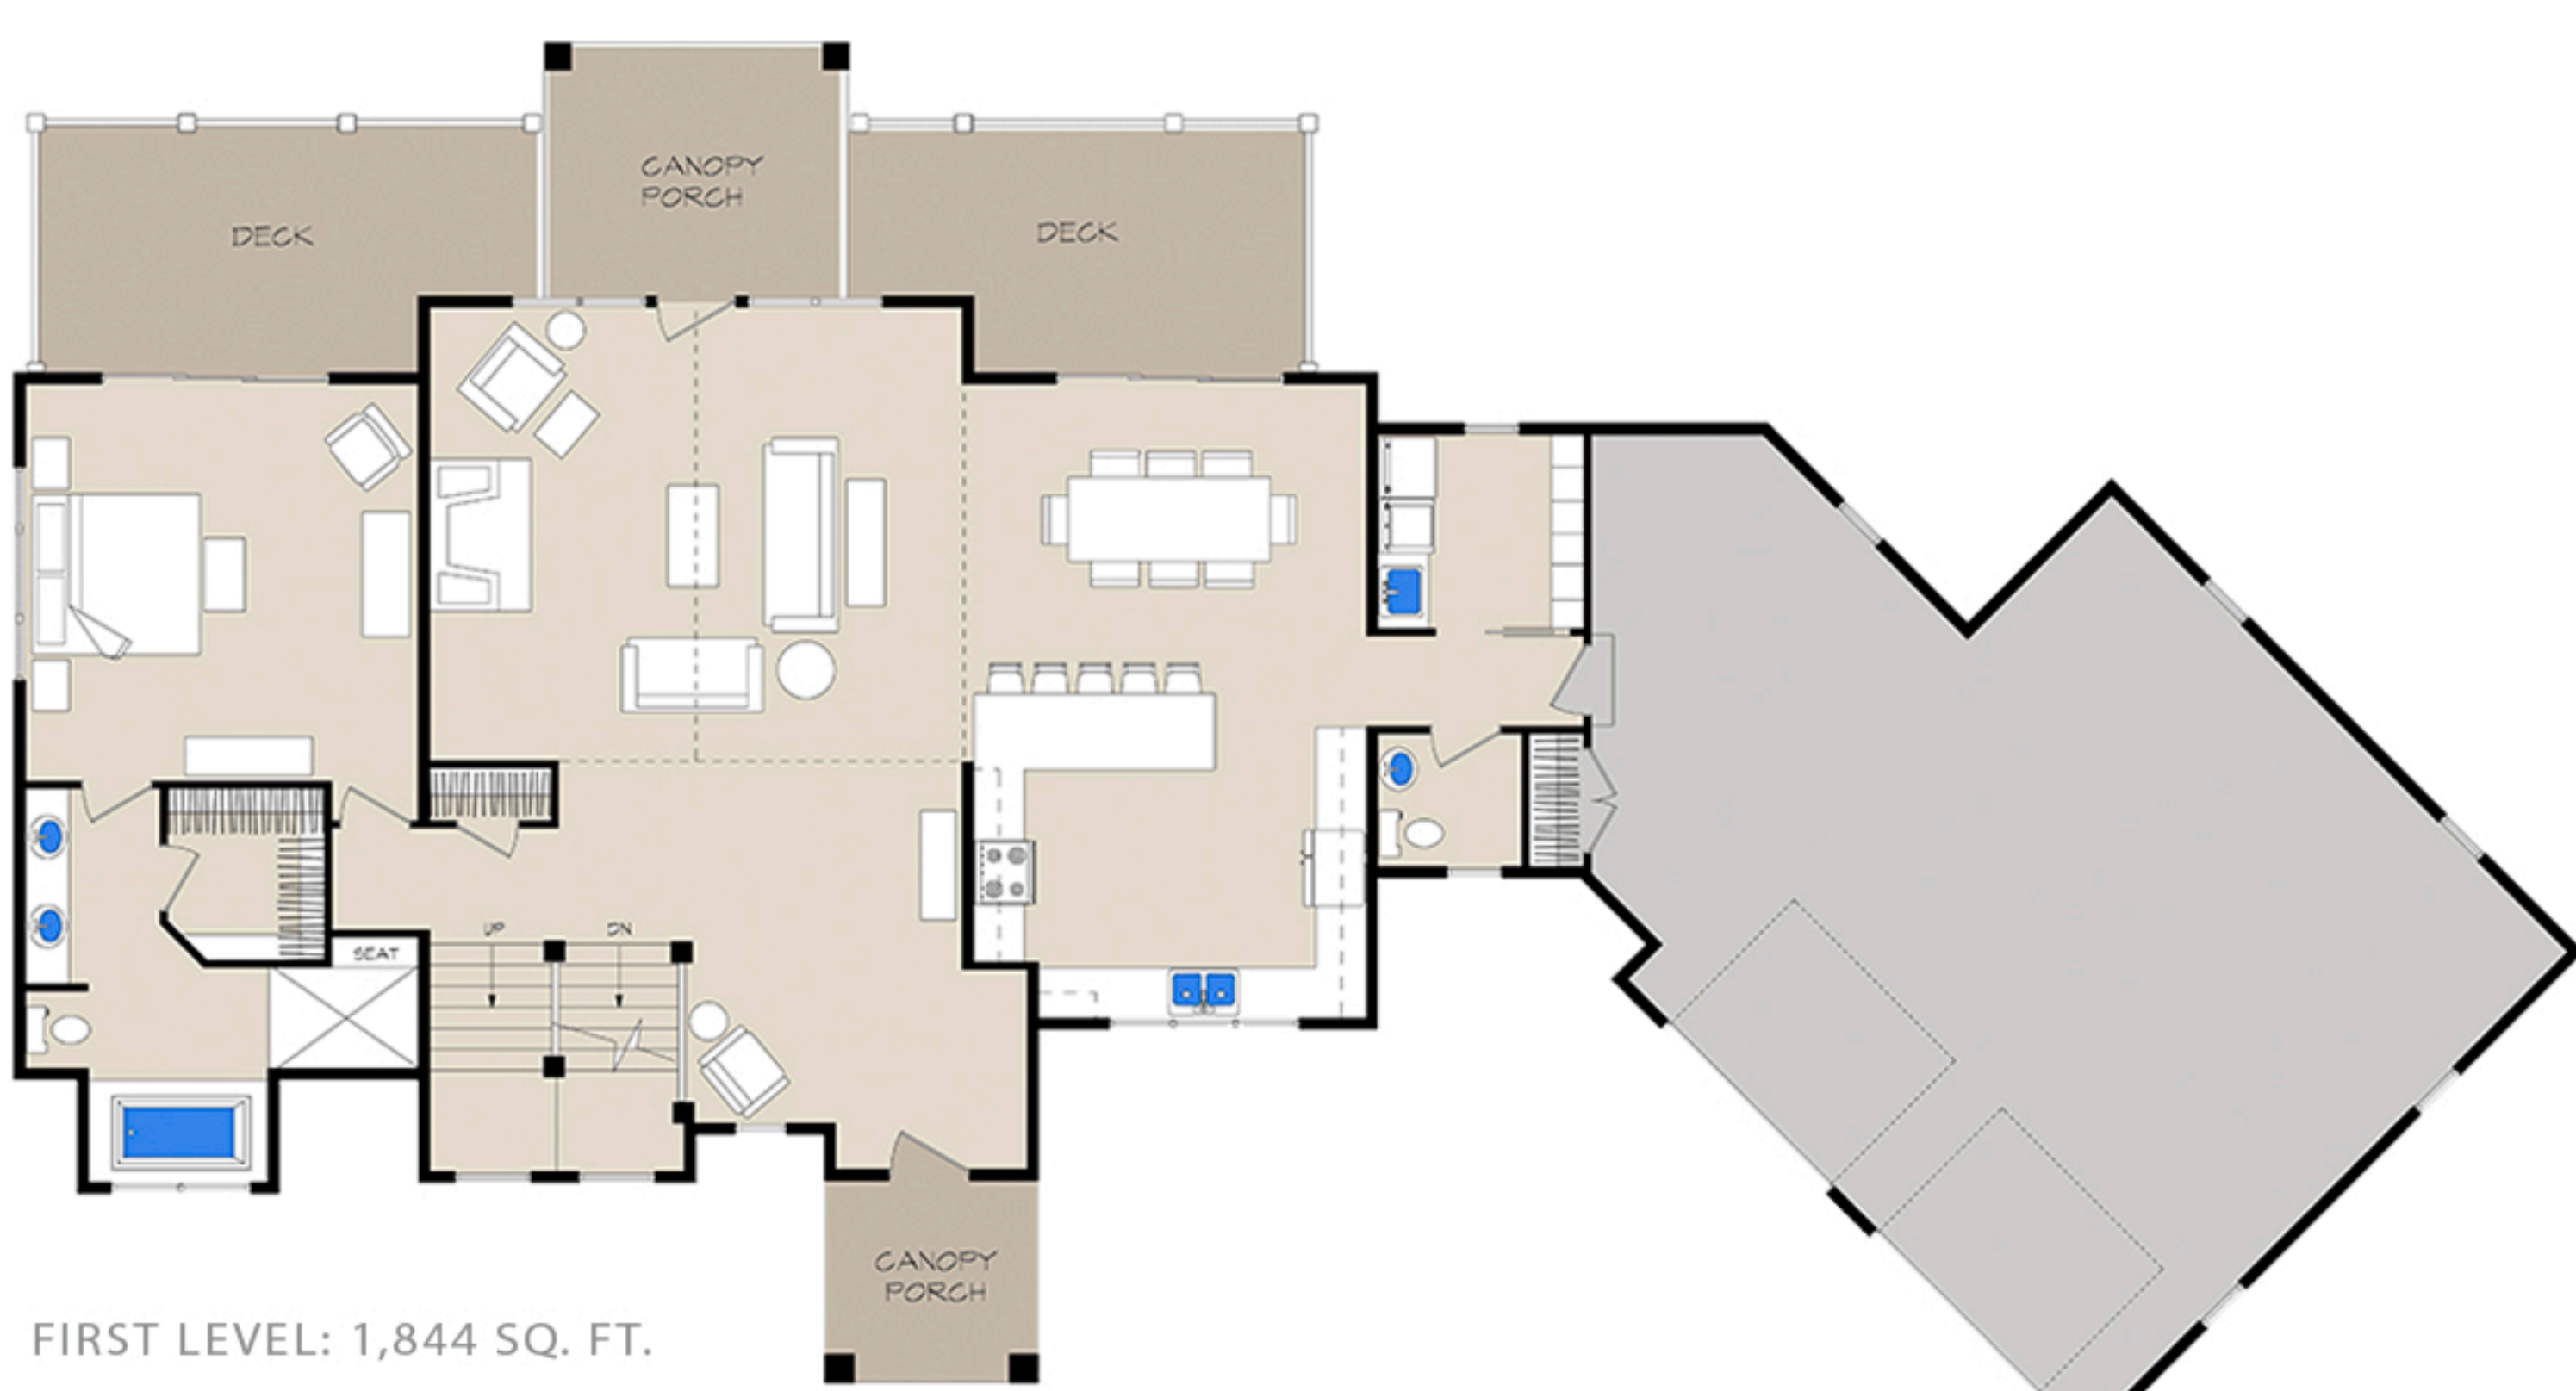

Varied roof lines and strategic placement of various building materials, colors and textures create a dramatic exterior for this hybrid masterpiece. A canopy porch welcomes guests to a spacious foyer with gorgeous views beyond the great room windows. The open concept kitchen and dining provide abundant seating. The primary bedroom suite is a secluded sanctuary in its own wing of the first floor, while the expansive deck with canopy can be accessed from the great room, dining and primary bedroom. A secondary bedroom suite and loft are upstairs, and the lower level is home to two additional bedrooms, a family room and kitchen.
