THE CUMBERLAND

TOTAL SQUARE FOOTAGE: 3,670

FIRST FLOOR: 3,670 SQ. FT.

Showcasing the ultimate in single-story luxury living, the Cumberland is a refreshing home plan that epitomizes casually elegant wood home living. One turn from the welcoming foyer, the sunken great room begs guests to cozy up. A creatively designed kitchen overlooks a bowed dining room that opens out to a sprawling stone canopy porch. The full-service laundry is just steps from three bedrooms, and retreat-inspired primary bedroom suite is private and unique with its own fireplace, porch and curved wall spa-style bath. An office, which can also double as a media room or bedroom, cushions the active zones of the home from the primary bedroom.
