

BRUNSWICK

by Wisconsin Log Homes

Experience THE ART OF DESIGN FREEDOM®

Total Square Footage: 4893

The Brunswick is a classic example of an asymmetrically balanced chalet-style home. Anchoring the home, floor-to-ceiling glass windows frame the massive stone fireplace centered in the prow-shaped great room. A spacious, flowing kitchen makes entertaining a breeze, and provides convenient access to the outdoor patio which wraps around the entire rear of the home to the master suite. The voluminous lower level showcases a bar, family room, billiards area, sauna, and two generous bedrooms.
