This French Country style hybrid home is highlighted with a dramatic combination of wood, stone, arched windows and metal roof accents. Designed for a luxurious lifestyle, the billiards room with fireplace and cocktail area sits in its own wing of the first floor. An opulent master suite on the opposite side of the home offers must-have amenities like sizable his-and-her closets and a spa bathroom that opens to the rear patio complete with a hot tub. An inglenook off the foyer, a sweeping staircase and open layout makes entertaining a dream.
